

SATURDAY SPECTACULAR

Saturday 8 August will be the 'open day' at Malvern, dubbed the '**Saturday Spectacular**'. Members and their friends are all encouraged to come along. One make Car Clubs are encouraged to come along and display on this day, so why not check with the Secretary of your one make car club and ask them to publicise the day to their members who may not be VSCC members? There will be no entry fee but there may be some pressure to make a small charity donation. Pre-war activity will be the focus of the day but car clubs that cater for Post-war cars will also be welcomed. Plans for Saturday include so far:

- early morning cycle ride
- Pre-war car driving tests
- penny farthings – cycle races
- autojumble
- hot air balloon flights
- cycle cars gymkhana
- world's greatest picnic
- children's pedal car event
- aircraft fly past
- car club displays

A major feature which we are trying to achieve is a parade of "75 years of sports-cars" - one from each year (although the war years might be a problem!) We'll select one or two cars from each club or group attending, so it's important that the year of manufacture is included in the entry.

All of the events will take place on the Malvern Showground. We hope many Club members and friends will come and display and join us at this great fun day out celebrating 75 years of vintage motoring.

Clubs should obtain a "declaration of interest" which are available on the website or can be emailed. These forms have been sent to all of the Car Clubs on our database too and we have had flyers printed promoting the Saturday Spectacular if you would like some please email james.taylor@vsccl.co.uk . For more information please visit www.vsccl.co.uk and click on the 75th Anniversary tab or contact Ian Ferguson who is the events organiser for the Saturday event.
